DIAL 911 FOR ALL EMERGENCIES

False Alarms & Non-Emergency Calls

False alarms and calls for non-emergencies exposes our responders and equipment to undue wear and tear, may prevent or delay personnel from responding to real emergencies and costs the department money to operate equipment.

Repeat false alarms to the same address, location or area will incur a charge after the second call within a 365-day rolling period. Non-emergency calls will incur a charge after the first call.

1st False Alarm or Non-Emergency	No Charge
2nd False Alarm	No Charge
2nd Non-Emergency Call	\$50
3rd False Alarm or Non-Emergency	\$100
4th False Alarm or Non-Emergency	\$200
All False Alarms or Non-Emergency after 5	\$300

The determination of a false alarm or non-emergency call will be made by the Incident Commander or Senior Firefighter on Scene. The determination and Incident Reports will be forwarded to the Fire Chief for final review.

A Notice that there was a response to a false alarm will be sent after each false alarm to inform and notify the owner that subsequent false alarms or non-emergency calls may result in a charge. A Notice after the second false alarm and first non-emergency will also include a bill for the charges.
